In-line sliding patio doors

Picture how your room would look with a stylish patio door letting in the light and enhancing your view.

Imagine your next party or barbecue and how a patio door can add a real sense of vitality to your event by extending your living area into your garden or patio.

With an in-line patio door your room will feel instantly brighter and uplifting, bringing the outside in, creating a whole new living experience. But it's not just the visual appeal that sets our patio doors apart.

Superior Strength

Householders will no longer sacrifice strength and energy efficiency for the largest window in their home, the patio door. That's why each patio door is manufactured using the highest grade materials and to the finest of tolerances to provide a tight seal that keeps the winter's chill and summer's heat at bay. In short, patio doors you can live with for a long, long time.

Superior Security

Security is a definite priority in the design of our in-line patio doors. All are fitted with our unique Ultimate Collection handle which was developed exclusively for Sliders UK by leading hardware manufacturer, Fab&Fix. This handle features a number of enhanced security features, including a chamfered backplate and bespoke keyhole shape which is designed to protect the cylinder.

Our attention to security has ensured that we were the first UK company to achieve the latest BuildCheck accreditation for

our in-line patio doors. A considerable achievement, and one that illustrates our continuing focus on product innovation and excellence.

Superior Energy Efficiency

Our exacting manufacturing standards automatically ensure that your patio door is extremely energy efficient but in addition, your chosen installer will be able to provide you with a number of optional glass packages specifically tailored to your house and its environment.

Stylish, strong and energy efficient, our market leading patio doors will introduce a whole new lifestyle option to your home, opening up your room and merging indoor and outdoor spaces.

Choices

Two, three or four pane? Contemporary or modern? White or coloured? Whatever your taste, there are a wide range of options available to enhance any property, adding a real touch of luxury and visual appeal to your home.

Accessibility

We now offer an aluminium low threshold option on our sliding patio doors. Featuring a ramp on either side of the door, it's an innovation that enables easy access for wheelchair users.

Available in a choice of two colours - silver or gold.
